

125SY Starlight LED Fireworks Bulb

Product Description

125SY Starlight LED Fireworks Bulb have remarkable energy efficiency. In fact, they offer up to 90 percent energy savings over ordinary incandescent light bulbs. For instance, if you obtain an LED bulb that uses 3W, it will offer the same amount of illumination of an incandescent bulb with a 30W rating. Also, 125SY Starlight LED Fireworks Bulbs have a star shape and give off a warm inviting golden soft glow which are perfect for creating a very pleasant atmosphere in sitting rooms or bedrooms. So, 125SY Starlight LED Fireworks Bulb are, in particular, suitable for decorative and ornamental lighting fixtures.

Benefits of LED Fireworks bulb:

1. It is designed to last 20,000 hours—17 times longer than incandescent bulbs.
2. Use 80% less power than conventional or halogen light and 50% less than compact fluorescents.
3. The power saving from an Led light will usually pay for itself in less than 2 years.
4. It is fit for building the atmosphere of somewhere just as bar, bistro, and so on.
5. Less heat produce, it is safer to operate.
6. Environment-friendly, no mercury and harmful metal.
