

Zhejiang Seming Electronic Co., Ltd

	Name: F150 UFO Shaped LED Bulb	
	Model: /	
	LED QTY: /	
	Size: D:150mm, H:80mm	
	Weight: /	
	Certificate:CE,RoHS,FCC	
		

Specification

Actual Power	16W	Size	D:150mm, H:80mm
Lumens	1440	Output Current	/
Output Voltage	/	LED Quantity	/
Lifespan	30,000 Hours	Commercial Type	F150
Working Frequency	/	CCT	warm light 3000K, cold light 5700K
Weight	/	Coverage area	/
Outer Carton Size	/	Material	high-quality PC

Description:

F150 UFO Shaped LED bulb has proved to be a perfect substitute for ordinary light bulbs for its high luminous efficiency and low power consumption. The E27 16W 1440lm Warm White Light UFO Shaped LED Bulb is such an LED bulb with uniquely designed UFO shape. F150 UFO Shaped LED bulb produces comfortable, bright light with 180° beam angle, providing illumination in a large area. Tough plastic housing is durable for long-lasting use. Compact and light, it is also easy to install.

Benefits of the F150 UFO shaped led bulb:

1. High luminous efficiency, low power consumption
2. Perfect substitute for ordinary light bulbs
3. Uniquely designed UFO shape
4. Produce comfortable, bright light with 180° beam angle
5. Provide illumination in a large area
6. Tough plastic housing, durable for long-lasting use
7. Compact and light, easy to install
8. High quality, long life span.
