

80G Grenade Pattern Edison Vintage Bulb

Product Description

80G Grenade Pattern Edison Vintage Bulbs are designed with a Grenade Pattern, which makes the bulb more fashionable and special and distinguish it from other lights.

Compared with ordinary light bulbs, 80G Grenade Pattern Edison Vintage Bulb is made to look like early 20th century light bulbs with long spiral filaments that emit classical light and provide a wonderful ambient glow. They deliver beautiful, decorative warm-white light, which really add a special vintage and rustic feel to any property and make a room feel warmer and more welcoming and works perfectly for creating a very pleasant atmosphere in rooms. So, if you're looking to add a beautiful, old fashioned and charming look to your location, consider 80G Grenade Pattern Edison Vintage Bulbs.

Benefits of Edison Vintage Bulbs:

1. It is designed with a special style. Rustic and modern come together to bring the beauty of light by these Edison bulbs.
2. They are featured in an attractive filament and provide a distinctive look and warm glow, which really add a special vintage and rustic feel to any property and make a room feel warmer and more welcoming.
3. They're often used bare (with no shade or cover) in order to show off the style and look of the bulbs, so you can save a lot of money and energy from choosing other things to match its decorating style.

Zhejiang Seming Electronic Co., Ltd

4. It is fit for building the atmosphere of somewhere just as bar, bistro, and so on.
5. Multiple designs available to choose from based on other items in the room and your preferences.
