

A20 LED Grow Light

A20 **LED grow light** is one of LED light series which named products by the number of lighting beams. A20 **LED grow light** has 20 light beams, so we called it A20 LED grow light accordingly. This plant light has the flexible spectrum which can provide artificial light used for plant growth and changing with the plant growing state, so we also called it grow light. In horticulture, it helps the growth and development of plants by creating a best lighting environment of flexible light strength and light wave.

|  | Name: A20 LED Grow Light | | |
| | Model: CDL-G-Apollo 20 | | |
| | LED QTY.: 300pcs*3W | | |
| | Size: 1174*283*85mm | | |
| | N.W.: 13.55kg | | |
| | Certificate: CE, RoHS, FCC, PSE | | |
|  |  |  |  |

Specification

| | | | |
|-------------------|-------------------------------------------------------------------|--------------------|-------------------------------------|
| Size | 1174*283*85mm | Actual Power | 600W |
| Input Voltage | AC100~240V | Output Current | 630mA |
| Output Voltage | DC32~45V | LED Quantity | 300pcs |
| Lifespan | 50,000 Hours | LED Type | 3W |
| Working | -20~40°C, 45%~95%RH | Color | Red(630nm)/Blue(460nm) |
| Working Frequency | 50~60Hz | Lumens | 12000lm |
| PAR | 667umol/1m 398/1.5m | LUX | 20000lux/1m 12500/1.5m |
| N.W. | 13.55kg | coverage area | 2.4 m²/0.8m, 2.8 m²/1m, 5.2 m²/1.5m |
| Outer Carton Size | 1345*380*175mm/pcs | G.W.(Outer carton) | 20kg |
| Standard | LED Light x1,Power line x1,Chaining x2 | | |
| Remarks | The above parameter is based on Red: Blue=2:1, for reference only | | |

Description:

A20 LED grow light is one of LED light series which named products by the number of lighting beams. A20 LED grow light has 20 light beams, so we called it A20 LED grow light accordingly. This plant light has the flexible spectrum which can provide artificial light used for plant growth and changing with the plant growing state, so we also called it grow light. In horticulture, it helps the growth and development of plants by creating a best lighting environment of flexible light strength and light wave. As an ideal grow light for all phases of plant growth, the grow lights has brought many benefits to our life, just like increasing the food production and reducing the weather's influence on plants' output. A20 LED grow light are quickly growing popular for its advantages in energy efficiency, simple using and setting, and various usages such as indoor garden, farm flowers, vegetables warm shed and greenhouse lighting.
