Description:

Colorful water droplets silica gel lamp was made by soft silica gel without dangerous and sharp edge, it can be hold in the hand. It is small, you can carry it to anywhere. Colorful water droplets silica gel lamp is an AMAZING gift for children of all ages, for any occasions. It makes children's room so inviting and is perfect for bedtime stories and sleeping. On the same time, you can place it on your bedside as a night light. Its' lovely appearance will light up your mood any time, the lamp seems to be a spiritual body, whoever you are an adult or a child, you will not feel lonely.

Benefits of colorful water droplets silica gel lamp:

1. AAA batteries powered night light with adorable water drop design.
2. Made by soft silicone, with no dangerous and sharp edges.
3. Three light modes: soft warm white, choose one color among 7 colors for continuous lighting or 7 colors cycle through.
4. The light color changes sequentially: red, blue, green, yellow, purple, cyan, white.
5. Tap the night light softly on the surface to change the color.
6. It is easy to keep clean / wipe off / sanitize.
7. Hand-held size and standing design for flexible placement.
