

Zhejiang Seming Electronic Co., Ltd

Name: Flexible Led Neon Light
Model: /
LED QTY: /
Size: /
Weight: /
Certificate:CE,RoHS,FCC

Specification

Actual Power	35W	Size	/
Input	110-240V,AC,50/60Hz	Anti low-high	-30-50 centigrade
Inner package	1 pcs/box	LED Quantity	/
Lifespan	50,000 Hours	Commercial Type	/
Available colors of	white/red/yellow/blue/purple	CCT	/
Carton qty	1 pcs	Coverage area	/
Led tube diameter	7/8/9/10/12 mm	Material	/

Description:

Flexible LED Neon Lights are ideally suited for indoor and outdoor use in a wide variety of creative applications. Unique construction, these flexible neon lights are able to directly replace traditional glass neon with better performance, low consumption, easier maintenance and can withstand extreme temperatures. It can be cut to desired and easily bent by hand, provided with cutting marks for accuracy. LED Flexible Neon is very easy to shape various corners, curves, lettering, logos, patterns, motifs, and all other applications where traditional glass neon is applied. Flexible LED Neon Light is made by LED with long lifetime more than 50, 000hours. It is made by UV resistance, high inflammable class and suitable exposed outdoor location material. It is more durable, impact resistant and simply to maintain. Energy Saving LED Flexible Neon Light has been proven to save customers up to 70% or more energy costs. By the way of comparison to glass neon; LED Flexible Neon: 4.4 watts per meter Glass Neon: 29 watts per meter. Led flexible neon light will help to attract the attention of people in the dark, all of our rope lights are guaranteed to be the highest quality

Benefits of flexible LED neon light:

1. Energy saving .The power consumption for LED flex neon tube is 4.4W/M comparing with 29w/m glass neon tube.
2. Safety .PVC cover, no need to considering the breaking of the cover.
3. Long life span. Up to 50000 hours during proper usage.
