

G95 Leaf LED Filament Bulb

Product Description

G95 Leaf LED Filament Bulbs distribute omni-directional light. They feature a 360 degrees view angle with very clear glass. This is contrary to other LED bulbs that provide light in only one direction. While G95 Leaf LED Filament Bulbs keeping the elegant shape and shining light, the high quality light, with 140 lumens output, remains as clear and bright as a 15W incandescent bulb. There is no delay in illumination when switched on. All the electronics is nestled inside the screw base which is almost not visible. The light produced by G95 Leaf LED Filament Bulbs is incredibly similar to natural light. But it does not have any infrared or ultraviolet radiation and it is uniform and soft on the eyes.

Benefits of LED filament bulb:

1. Energy-saving, low heat, low power consumption, stable performance.
2. Long life span, it can last 25000 hours.
3. LED filament lamps offer aesthetically appealing designs combined with quality and energy efficiency
4. Perfect blend of traditional and cutting-edge technology.
5. Great reducing carbon emission, environmentally friendly.
6. With traditional incandescent lamp design, it can be easily accepted by common people.
7. With 360° beam angle, the filament bulb can give out light omnidirectional.
8. No radiation, no mercury, instant start, no flicker, no harm to human eyes.

9. Does not contain lead, mercury and other pollution elements.

Detailed Parameters

Bulb Type	Incandescent Clear Glass
Condition	Brand new light bulb and packed with factory box
Dimmable	Yes
Size	Diameter 80mm x Height 124mm
Watts	1.6W
Voltage	110& 220V
Life Hours	20000 average hours
Base Type	Standard E27 Medium Screw Base / Brass Base Finish
CRI	65
Lumens (Initial)	140lm
Color Temperature	2200K
Bulb Color	Warm White

More Details:

All of our light bulbs pass CE, FCC, ROHS certificate and will work anywhere in the world. And OEM, Custom made both are OK.
