

## SM-309 LED Flood Light

### Product Description

SM-309 LED Flood Lights are now often used to illuminate outdoor fields such as Billboard lighting, Flood light applications, Facade and building illumination and so on. The white beam of light produced by it is very much similar to daylight, which feels comfortable and eye-protecting. Meanwhile, with comparable brightness level compared to traditional flood lights, SM-309 LED Flood Lights are much more energy efficient and impervious to temperature fluctuations and other environmental conditions. Unlike some other lights, it remains stable and functional even in rainy, dusty, strong windy conditions as it equipped with Die-casting aluminum housing with durable high-quality paint finish and tempered glass.

Being free of linear halogen and metal halide, SM-309 LED Flood Lights do not give out any harmful emissions. As a result, they are much friendlier to the environment and also to the health of people nearby. What's more, SM-309 LED Flood Lights costs little in maintenance thanks to its long lifetime. These all make them more ideal for our customers.

### Features

- Dustproof and jet-proof. It is of IP Rate 65, which means its excellent performance in waterproof and dustproof.
- IK Rate: 08. It is of excellent performance against shock.
- Easy installation, adjustment angle of 180degree.
- Slim and delicate design

# Zhejiang Seming Electronic Co., Ltd

- Pre-wired with 0.3m of rubber flex.
- SMD LED's with high lumen performance.
- Die-casting aluminum housing with durable high-quality paint finish and tempered glass.
- Energy-saving alternative to traditional floodlights with comparable brightness level.
- Energy efficient replacement for linear halogen and metal halide fitting.
- Low maintenance costs thanks to long lifetime.

## Detailed Parameters

Model Code	Power (W)	Input Voltage(V)	CRI	Luminous Flux (lm)	CCT (K)	Dimension(mm) (L*W*H)
FL01 IF	10	200-240	>70	1000	3000-6500	120*105*29
FLO2 IF	20	200-240	>70	2000	3000-6500	175*135*29
FL03 IF	30	200-240	>70	3000	3000-6500	220*166*32
FL05 IF	50	200-240	>70	5000	3000-6500	260*196*32
FL10 IF	100	200-240	>70	10000	3000-6500	351*262*45
FL15 IF	150	200-240	>70	15000	3000-	381*288*45

## Product Display

## Application:

- Hard-to-reach areas (for example: facades, roof top billboards)
- Billboard lighting
- Flood light applications
- Facade and building illumination
- Area lighting
