

ST45 Teardrop LED Fireworks Bulb

Product Description

ST45 Teardrop LED Fireworks Bulb of old fashioned style glows a soft, warm light, just like the originals invented by Thomas Edison. The ST45 Teardrop LED Fireworks Bulb has a brightness equivalent to a 40W incandescent bulb but uses a fraction of the energy, saving you both money and energy over the estimated 20,000 hour lifespan. Also ST45 Teardrop LED Fireworks Bulb can add an elegant touch of warmth to any room while incorporating modern energy-saving technology.

Benefits of LED Fireworks bulb:

1. It is designed to last 20,000 hours—17 times longer than incandescent bulbs.
2. Use 80% less power than conventional or halogen light and 50% less than compact fluorescents.
3. The power saving from an Led light will usually pay for itself in less than 2 years.
4. It is fit for building the atmosphere of somewhere just as bar, bistro, and so on.
5. Less heat produce, it is safer to operate.
6. Environment-friendly, no mercury and harmful metal.
