

## ST64 58mm Long Retro LED Filament Bulb

### Product Description

ST64 58mm Long Retro LED Filament Bulbs is no longer reserved for bars or homes, it can now be easily replicated anywhere! Give pride of place to shades of warm inviting golden soft glow. Feel free to marry wood, metal, concrete, leather, and iron – everything that evokes retro-chic. Designed to emanate the classic Edison filament bulb, ST64 58mm Long Retro LED Filament Bulbs can be placed in places where incandescent bulbs had been used before. What's more, ST64 58mm Long Retro LED Filament Bulb is dimmable so you can lower the intensity to create mood lighting.

### Benefits of LED filament bulb:

1. Energy-saving, low heat, low power consumption, stable performance.
2. Long life span, it can last 25000 hours.
3. LED filament lamps offer aesthetically appealing designs combined with quality and energy efficiency
4. Perfect blend of traditional and cutting-edge technology.
5. Great reducing carbon emission, environmentally friendly.
6. With traditional incandescent lamp design, it can be easily accepted by common people.
7. With 360° beam angle, the filament bulb can give out light omnidirectional.
8. No radiation, no mercury, instant start, no flicker, no harm to human eyes.
9. Does not contain lead, mercury and other pollution elements.
